CONSTRUCTION IN MINECRAFT

FACULTY
SCIENCE

CHARGE
$50

Course resourcing

HOURS
100

School developed

Discover

- Learn about design, use of space, 3D coordinate systems, coding, signals and game making

Create

- Buildings, automated processing, autonomous robotic programming and interactive games

Share

- Videos and screen shots of your builds

- Your reflections on your learning in a learning portfolio

- Your creations through opening your games for others to play during lunch breaks

FUTURE PATHWAY

Year 8 – Minecraft
Year 9 & 10 – iSTEM

STAGE 6 SUBJECT SELECTION

Preliminary and HSC Information Processing & Technology (IPT)
Preliminary and HSC Engineering Studies
Preliminary and HSC Physics or Chemistry

CAREER OPPORTUNITIES

Software Engineer
Electrical Engineer
Architect
Designer
