School developed

Learn languages and broaden your view of the world!

In this course you will have an opportunity to select languages that interest you and do an in-depth study of a different language each term.

You will learn the basics of speaking, reading and writing in the selected languages. You will also explore the culture and traditions that shape different languages, including preparing and tasting food from different regions and playing traditional games.

As part of the learning activities you will will create your own language learning resources and film short videos of yourself and your peers speaking in different languages.
