

ART EXPLORERS

FACULTY CAPA

COST \$30

Costs cover consumables, equipment, and resources for learning

HOURS 50

School developed

This Year 7 elective course offers students the chance to delve into new artwork processes, materials, and industry-standard digital art creation tools and techniques. Through hands-on experimentation, students will expand their creativity and develop their artistic skills across various mediums.

Throughout the course, students will engage in various art-making activities, including drawing techniques (both traditional and digital), printmaking methods, 3D forms such as sculpture and ceramics, stop-motion animation, painting, and collage. These activities will allow them to express themselves creatively and cultivate their own unique artistic style.

Additionally, they have the opportunity to exhibit their work at pop-up galleries at school.
