## FACULTY CAPA

## COST \$30

Costs cover costumes and props.

## HOURS 50

School developed

Dive into the world of dance as an artform with our exciting Year 7 elective course, Let's Dance. This course provides students with unique opportunities to experience, create, and appreciate dance through a variety of engaging activities.

To help you prepare for further dance studies, you will also have the chance to attend a special Dance Transition Program. This program is designed to help you move on to more advanced dance courses in the future.

In Let's Dance you will first learn about the basics of dance, including how to take care of your body while dancing. You will also get to use music software to edit songs for performances and learn how to take photos and videos of dance performances.

You will have the chance to be creative and make your own dance routines, either by yourself or with a group. You will also get to discuss and appreciate the work of dance choreographers.

As part of the course, you will have opportunities to perform at events like Star Struck, Hunter Dance Festival, and other school events. This will give you a chance to show off your dance skills to a wider audience.

## FUTURE PATHWAY
