Do you have a story to tell? Join "Publish Me" and embark on an exciting journey into the world of storytelling. In this Year 7 elective, you'll discover the magic of storytelling and learn why it matters. Craft your own collection of creative pieces, experimenting with different storytelling mediums such as short stories, comics/graphic novels, visual narratives, poetry, and film.

Work closely with your classmates to reflect, refine, and edit your stories, turning your ideas into polished masterpieces. By the end of the course, you'll see your hard work come to life as your stories are published in a class book, showcasing the unique voices and talents of your entire class.

"Publish Me" isn't just about writing; it's about sharing your imagination, exploring diverse ways to tell your story, collaborating with friends, and experiencing the joy of seeing your name in print. Join us and become part of a community of young authors who inspire, entertain, and make their mark on the world.
