

SOUNDSCAPE STUDIO

FACULTY CAPA

COST \$30

Costs cover consumables, equipment, and resources for learning

HOURS 50

School developed

In this course, students will explore a variety of musical instruments and develop an appreciation for the art of music in its diverse forms.

They will be encouraged to experiment with composing their own music and will get a chance to dive into the world of technology within music, exploring various tools and techniques used in live sound production and recording.

Students will have an opportunity to share their learning with the school community through live performances.
