

TIMBER - INSPIRE AND CREATE

FACULTY

TAS

CHARGE

\$100

Costs cover consumables provided for practical learning

HOURS

100

Board endorsed

Do you want to fast track your woodwork skills by designing and creating a major project of your choice?

In this course you will be actively involved in the planning, development and construction of quality practical projects made from timber.

You will learn relevant theory and design techniques focused on wood and basic cabinet making.

In addition, you will develop skills in the safe use of hand and machine tools and develop an appreciation of general Work, Health and Safety (WH&S) rules and procedures.
