Visual Arts provides opportunities for students to enjoy the making and studying of art. It builds an understanding of the role of art in all forms of media, both in the contemporary and historical world and enables students to represent their ideas and interests in artworks.

In this course students will:

- Learn to make artworks using a range of materials and techniques in 2D, 3D and 4D forms.
- Discover a wide range of artistic techniques, from drawing, painting, printmaking, collage, clay, sculpture, mixed media and wearables.
- Build a body of work overtime using traditional and more contemporary forms of visual arts. This may include site-specific works, installations, video and digital media creations, as well as other ICT formats.
